

# Res

## Use:

Wagon with low folding walls and short stanchions is intended to carry lump commodities and high large objects not requiring cover and weather protection.

## Wagon technical parameters

Wagon series		Res	Res																																
Digit interval		3936 - 3937	3938 - 3939 3945																																
Construction group		67	51																																
Interoperability		31	31																																
Number of axles		4	4																																
Bogie type		Y 25	Y 25																																
Wagon length over the buffers		19,90 m	19,90 m																																
Wagon tare		25,00 t	24,00 t																																
Loading capacity	A	39,00 t	40,00 t																																
	B	47,00 t	48,00 t																																
	C	55,00 t	56,00 t																																
Loading length		18,50 m	18,53 m																																
Loading width		2,64 m	2,66 m																																
Loading surface		49,00 m <sup>2</sup>	49,28 m <sup>2</sup>																																
Distance between floor and USB		1,24 m	1,24 m																																
Axle base / pivot pins distance		14,86 m	14,86 m																																
Wall height	side	0,52 m	0,52 m																																
	front	0,52 m	0,52 m																																
Stanchions	height	1,30 m	1,30 m																																
	number	16	16
